

"To Instill Courage or Life Into"

Dear Business Owner:

We are Inspirit Gymnastics, LLC. Our facility is located at 958 E. Rodeo Road, Suite 25. We provide instruction for children ages 2-18 years old in tumbling and/or gymnastics. Our Mission Statement is to provide gymnastic training to develop each individual's strength, balance, coordination and environmental assets to feel that they are a significant contribution to society and to instill value through physical, spiritual and moral conscience principals.

Our Xcel competitive program is regulated through USA Gymnastics. This program will develop the students with a recognized scope and sequence of training so they can compete in sanctioned gymnastic meets. The gymnasts from our community will compete for recognition and awards. Our goal is to teach and increase an individual's performance level so that each, if they choose, would have an opportunity for college scholarships.

We have a sponsor scholarship program for businesses in the area to support our team. This sponsor program, if you choose to participate, will provide assistance to the team members to fulfill their dreams. This funding will help parents offset the costs of meet entries, uniforms, and travel. The sponsors will receive recognition in our gym with a professional designed banner to be hung on our sponsor wall and shown on our website with a link to your business website. There will be approximately 500 people through our gym each week seeing your sponsorship banner. The cost to you for this is \$1000.00 and is renewable annually.

It is our sincere hope that you join us in supporting the children of Casa Grande and surrounding area in this adventure to help them fulfill their dreams. Kids are our future!

Sincerely,

Dan Bradfield
